

HEALTH ESTIMATES.

The Sum Asked for the City's Health Department is

SOMEWHAT LESS THAN LAST YEAR.

No Crematory to be Rebuilt this Year. A deficiency on the last quarter of the present year—Only Labor Bills Were Ordered Paid—A Discussion on "Hills"—Other Matters Passed Upon.

The city council committee on health met last evening, Chairman Cadde in the chair and Messrs Farrell, Richards, and Deiters present, Superintendent Dunn of the crematory, and Health Officer McCoy were also present. The clerk reported of the committee's appropriation \$200 was yet on hand, and that bills were on file to be paid amounting to \$100. It was decided to take up bills for labor first.

Mr. Dunn, of the crematory, and members of the committee had their usual squabble over bills for crematory repairs—this time the subject under discussion was the putting in of two rings in the furnaces. The superintendent got down on the floor and gave a lucid explanation of "how it was." One of the jobs was done on Sunday and cost a little more than the others. After a lot of wind had been expended the matter was explained to the satisfaction of the committee members. The bills were ordered paid.

The bill of J. W. McCracken for hauling stone from the workhouse, amounting to \$100 was next considered, but as the bill had not been presented Maloney's "O. K." on it, consideration was temporarily postponed. The superintendent was telephoned to and said it was correct; it was ordered paid.

The bills of the News and States Zeitung for printing the health statement were referred back on account of being higher than the morning papers' bills for the same work. In this connection a motion was made that hereafter all health committee advertisements be attached to bills for same and that they be set up in "nonpareil." All bills gone over amounted to \$431.27 with only \$200 available out of the appropriation for the first quarter of this year. It was decided to pay labor bills and let the others run over into the coming quarter, commencing May 1st. The bills picked out for immediate payment amounted to \$200 even.

The crematory report for February showed 129 cart loads of garbage hauled, 144 barrels and boxes, 9 dogs, 10 horses. In March 161 cart loads of garbage were hauled, 343 barrels and boxes, 11 dogs and cats, 11 horses, 1 cow, 999 barrels of night soil.

The claim of Wilson Kelly for a rebate of \$2 which he paid for cremating a horse was allowed by the committee. Routine business having been cleaned up, the matter of appropriations for the coming year was considered. Last year's requested appropriation for the health department was \$13,000, but \$10,000 only was secured.

Dr. McCoy wanted an appropriation for general inspection, a general inspector is now badly needed, and an appropriation of at least \$800. The doctor said the present garbage collector refuses to collect garbage, and the new collector declares he will not collect old garbage.

The sentiment of the committee was that enough has been heard from garbage collectors, and they will both be brought up short at the first offense.

Mr. Richards wanted to know why the present collector is not proceeded against, and it was said there is a disinclination on the part of the people to appear against him.

Dr. McCoy wanted a resolution by the committee instructing him to go after the garbage contractor. It was pointed out that the ordinance covers the case; no resolution necessary.

Finally the committee made up its appropriation schedule, and council will be asked to pass on it favorably. Compared with the appropriation asked for in 1893, it is as follows:

THE CHICAGO LOCK-OUT

Only One Sixth as Big as Was Expected—It May Prove a Failure.

Chicago, April 12.—The lock-out of the building trades which occurred to-day was not so general as was expected, not more than ten thousand men being thrown out of work. The boss builders claimed that sixty thousand employees would be affected, but there was a lack of harmony among the employers and the lock-out was not general. The workmen claim that the movement is a complete failure and many of the boss builders are of the same opinion, but others say that the lockout will become general before the week is over.

POSTOFFICE NAMES

Must Hereafter Be Short and Simple—No Hissounding Titles Wanted.

Washington, April 12.—Postmaster General Bissell has issued an order providing that hereafter only short names or names of one word only shall be accepted for newly established post-offices. Exceptions may be made by the department when the name is historical or has become local by long usage. Satisfactory reasons must be presented to the department for changes of postoffice names. The postmaster general says that this rule will remove a source of annoyance to the department and of injury to the postal service.

IS IT MURDER?

A Body Found in the Creek Near Man-nington—Evidence of Foul Play.

MANNINGTON, W. VA., April 12.—The body of an unknown floater was found about noon to-day in the creek five miles below here. It was that of a well dressed man without marks or papers to identify him, and apparently between 35 and 45 years old. He was five feet eight inches tall, with mustache and side whiskers. The body, which is badly decomposed, bears it is claimed, marks of foul play, and Dr. A. G. Hager, the county coroner, was summoned to come to Farmington where the body was taken soon after being found. He arrived there at seven o'clock to-night and an inquest will be held immediately.

WELLSBURG RECOUNT

Lets in the Republican Councilman, Democrats Have No Victory.

WELLSBURG, W. VA., April 12.—The city council met in special session this evening and canvassed the election returns, notice of contest having been given by the Republican candidate for council in the Second ward, first branch. The vote was recounted and resulted in the election of Mr. E. A. Sheets, the Republican, by a majority of three, the recount showing that Mr. E. A. Sheets, R., received seventy-three, and J. B. Walkinshaw, D., seventy. This knocks out the Democratic gain, and they have only held their own by a reduced majority.

The tournament will be held here on May 17, 18 and 19, at the Garfield Park Race Track. Cups and other valuable prizes have been provided and the city council has voted the freedom of the city to the visiting sportsmen.

SAGINAW, MICH., April 12.—A third warrant was issued to-day for Newell B. Parsons, the confidential bookkeeper of the Wells-Stone Company, now under arrest on a charge of forgery. The complaint this time alleges that Parsons abstracted from the vault railroad bonds payable to bearer to the value of \$463,000. It is rumored that new and even more startling developments will soon be given out.

All Sorts of Local News and Gossip from the Glass City.

The meeting at Squire Mason's office this evening to devise ways and means to solidify Belmont county in the interest of Col. Poorman as a candidate for Congress will no doubt be well attended, as considerable interest is being manifested in the congressional matter. It is known that much pressure has been brought upon Hon. Lorenzo Dunford to permit the use of his name in this county, and an answer was to have been had yesterday, but the ex-congressman being called to Columbus on a case before the pension board had not given a definite reply. Should he decide to enter the canvass he would carry a portion of this county with him out is sure to go for Col. Poorman. But it is a fact that the ex-congressman has retained a wonderful hold upon the people by his unflinching loyalty and honorable public career. Like Grant, whom he always admired, he has always been true to his friends. The answer Capt. Dunford gives his friends will have much to do with solving the problem in the eastern part of this county.

An informal meeting of the board of trade was held Wednesday night at the office of the president, W. C. Burghdahl, and it was decided to interest all the business men of the city in the organization and make it a representative business men's organization to act in accord with the state board of trade and thus come in direct contact with the boards of all the cities in the state. It is believed that in this way much can be done to advance the material interests of all the cities whose best business men look after their interests.

Lewis Kerns, the colored man who assaulted ex-Officer Bush, as soon as the latter was relieved of his brass buttons, appeared before Mayor Dubois and pleaded guilty to a charge of assault. Then he wanted to know how much it was, but the mayor was not caught napping. He told Kerns he would hear the other side of the case, then determine the punishment. The ex-officer is said to be considerably disfigured and cut about the face and head. Kerns is out on bail.
